## Model Bakery's Quaker Maxims.

If so thou beest a seller of milk, fasten not thy cow at milking time too near the pump; lead not thyself into temptation. Trade not a good horse; but if thou hast a poor one, and another should desire it, frustrate not his wish; do unto others as they would do unto you.

If thee goes to this Fair know thy Horse. If he be not fast, make him fast in front of Model Bakery.

If one should smite thee upon one cheek, turn to him the other, first taking thy staff in thy hand to sustain thee.

If a neighbor should say to thee, "Friend, thou hast there some fine fat fowls," suspect him not; but lock thy chicken yard at sundown and leave thy dog unchained.

When in Akron and thou feel'st faint and weary, guide thyself to Model Bakery; thy inner man needs replenishing.

In courtship let thy conduct be discreet; better to end with a preacher's fee than a lawyer's bill.

One dollar in the bank is worth two which thou couldst make by buying something thou hast no need of.

When thee needs Bread thou shouldst strive to reach the Model Bakery.

Know thyself, but do not try to know all about a woman. Solomon with all his wives failed in this.

Raise not thy voice above others in singing the psalms; it is not always the loudest voice that carries the furthest; besides, why bring suspicion upon thyself?

Thou and thy children and thy children's children and thy children's children's children will do thee proud if thee will lead them to the Model Bakery for the good things of life. Meals only 25c.

### BIRTHS.

ZEIGLER—To Mr. and Mrs. Lenhart Zeigler, 119 Harvard st., Thursday, Sept. 21, a son.

### GREETING.

Continued From First Page.

states in which the question of woman suffrage has been, or is to be, precipitated at the ballot box. And especially do I hope that all will see that the wisest way is to contribute to the National fund for organization—that then money may be expended in accordance with the best judgment of our committee, who make a special study of amendment campaigns. It is not possible for the women of any state to conduct such a campaign as well alone as with the assistance and co-operation of our National committee (of which Mrs. Catt is chairman), who have had experience in numbers of different states—notably those of Colorado and Idaho! Hoping the time will speedily come when Ohio will give her women full suffrage, I am "Very affectionately yours,"

"SUSAN B. ANTHONY,"  
"Rochester, N. Y."

### Main Object.

The main object in holding the convention at Akron is to create an interest among the women of the city for the Woman's Suffrage movement. No matter of a partisan nature will be discussed in this convention. The only thing that will be spoken of in reference to the Philippine policy will be the suggestion that whatever form of government is organized on the islands that the women be given equal rights of suffrage with the men.

"What we advocate and what we are working for is to secure to women the right of suffrage on the same equality with men; that is really the only thing in the way of a platform we have," said one of the officers to a DEMOCRAT reporter today.

### The President.

Mrs. Harriet Brown Stanton, president of the Ohio Woman Suffrage association, lauds when she sees newspaper articles about herself, in which she is represented as being a woman of Quaker ancestry. Her husband, Dr. Stanton, is of Quaker parentage, but Mrs. Stanton is of Pilgrim stock on both sides. Her father's ancestor came over in the Mayflower, and he was one of the signers of the Mayflower Compact. His name was Peter Brown. Her mother's ancestor, Robert Bassett, came over in the ship Fortune, the first vessel to follow the Mayflower. He landed at Plymouth and became one of that colony. Mrs. Stanton is a daughter of five Revolutionary soldiers, and a member of the Cincinnati Chapter of the Daughters of the American Revolution. Mrs. Stanton's husband's family have been Friends since the first of the sect, but Dr. Stanton is a fighting Quaker. He served his country during the war of the Rebellion and is a member of the Loyal League.

### Afternoon Session.

The afternoon session began with a work conference upon the subject, "Organization." Mrs. Carrie Chapman Catt of New York spoke on "Need of Organization." Miss Mary G. Hay of California on "Plan of Organization." Mrs. Harriet Taylor Upton, Warren, on "Cost of Organization." Routine exercises occupied the remainder of the session.

Addresses will be delivered this evening by the president, Mrs. Harriet Brown Stanton and Rev. Henrietta G. Moore.

### COLLECTION

Taken at Universalist Church For Benefit of Hospital.  
The church services Sunday morning at the Universalist church were devoted to the Akron City hospital. Rev. A. B. Church took his text from portions of the 13th, 14th and 15th verses of Matthew V. He spoke on "Philanthropy," under the two heads of preventive and curative. He related the history of the Akron hospital, stating its source of income, needs, methods, equipment. He also made mention of the fact that this is donation week and later a special collection was taken. It will be turned over to the hospital trustees Tuesday by Mrs. D. W. Chavis, who is the woman's auxiliary board of the hospital.

Dr. Bull's Cough Syrup Cures the Most stubborn coughs, colds and lung affections. Even incipient consumption has been successfully cured by this marvelous remedy. Sufferers will obtain relief after a few doses.

TRUST  
Closes Up Plant of Loomis Salt Company.

Purchased Property Saturday—Quit Work Monday—Consideration.  
The plant of the Loomis Salt company was sold Saturday to E. G. Henderson, of Windsor, Ont. He represents the salt trusts, recently organized by a consolidation of the National Salt association of New York and the Michigan Salt association of Michigan.  
The local plant has been closed down and it is doubtful whether it will again resume operations. The consideration for the plant was satisfactory to Messrs. H. E. Loomis and P. E. Tanner, the owners. It was a little less than \$100,000. The new purchaser took possession today. Messrs. Loomis and Tanner will again enter the salt business, probably in a short time. They purchased the Akron Salt company's property in June, 1898. At the present time its capacity is 750 barrels per day.

Dr. Gies, the old German corn bunion and ingrowing nail doctor of Youngstown, is at the Hotel Buchtel for two days only. Call or telephone him.

OIL OR GAS.  
Positive That It Will Be Found at Barberton.

H. D. Van Campen, of Akron, who has been making arrangements for drilling for oil and gas on the Shaw farm, near Barberton, has completed the derrick, which is one of the largest in the country, being 91 feet in height. Mr. Van Campen said that it was his intention of drilling to a depth of 3,000 feet, if necessary. He figures that he has an excellent location for a well, and is positive in his belief that either oil or gas will be reached before the well is sunk 3,500 feet.

STREET CARS  
Running on West Exchange Street Line—Curve and Switch.

Street cars began running on the new West Exchange st. line Sunday. For the time being they will connect with the Main st. line at Exchange st., every 20 minutes. Before long, however, a curve will be put in at Exchange st. and the cars will then run into the heart of the city. A switch will also be built on West Exchange st.

A bargain every day, when you get Big Master Soap. Try it.

ROOF FIRES.  
Two Alarms Sent In Sunday—Damage Was Trifling.

Two small roof fires occurred Sunday. The damage was trifling. At 10:30 an alarm from box 253 called the department to John D. Miller's, 531 West Exchange st. The fire was caused by a spark from the chimney. Mrs. Green owns the house.  
A house owned by E. L. Alling at 113 South Prospect st. was on fire in two places on the roof at 2 o'clock. The chemical engine extinguished the blaze. Sparks from a passing locomotive are supposed to have caused the fire.

For fine plumbing call on C. M. Oberlin for prices.

DEATH'S SUMMONS.

John T. Clark's Demise Was Unexpected—In Apparent Health.

John T. Clark of Cuyahoga Falls, died Sunday morning of heart trouble. He was aged about 70 years, and was apparently in his usual health when he retired Saturday night. Sunday morning about 7 o'clock, his wife was awakened by his trying to arouse her. He died a few moments later. Wife and four children survive. He was the father of Miss Gertrude Clark, a teacher in the city schools.

Meeting of German Citizens.

There will be a meeting of all Democratic Germans of the Fifth ward next Sunday afternoon at 4 standard. Place of meeting announced later.

### ALUMINUM

Feed Wire Being Used In This City.  
Aluminum wire is one of the latest products. Its manufacture was caused by the big increase in the price of copper.  
A large quantity of the wire is now being put up by the Northern Ohio Traction & Electric Co. to be used as feed wires.  
The cost of aluminum wire is 32 cents a pound, while copper brings 20 cents, but the weight of aluminum is only one-third as much as copper. There is a saving of almost 100 per cent. in aluminum.

Not Found Here.  
A special from Knoxville, Tenn., announces that a watch stolen from ex-President Harrison has been found near Akron. Nothing is known of the find in this city.

No Demonstration.  
The Republican executive committee has not yet taken any action relative to a demonstration Thursday when President McKinley and cabinet go through the city. It is quite likely, however, that a big crowd will gather at the station. The train will arrive at the station at 12:35, and make a ten-minute stop.

SCHOOL EXAMINER—Frank L. Lytle has been appointed to succeed C. F. Seese, who resigned.
